

**INDIAN INSTITUTE OF REMOTE SENSING**  
Indian Space Research Organisation  
Department of Space, Govt. of India

# IIRS Outreach Programme

<https://elearning.iirs.gov.in/>

The use of Remote Sensing, Geographical Information System, Global Navigation Satellite System and associated geospatial technologies is increasing rapidly, creating an urgent demand for trained manpower. IIRS also conducts various theme oriented online courses and monthly webinars on recent topics on geospatial technologies and its applications. Users are encouraged to actively participate on these programs.

*IIRS Outreach Programme* focuses on strengthening the Academia and User Segments in Space Technology & Its Applications using Online Learning Platforms. Under this programme the two mode of content delivery system is developed using online learning platform

1. Live & Interactive mode (known as EDUSAT)
2. e-Learning mode

## What do you learn along with *Certificate from ISRO-IIRS*

The programme is aimed at providing the basic knowledge on the subjects of Remote Sensing (RS) and Geographical Information Systems (GIS). Applications of RS&GIS are many folds spreading across all branches of engineering from Agriculture to Navigation.

## Circular No. IIRSCO/Outreach Programme Notification

### Who Can Attend the Course?

- The course is open for all the Student of undergraduate course/ Postgraduate course (any year).
- Faculty / Researchers / Technical Staff at our Institute are also eligible to participate in this course.

### Registration for the Course:

1. Select the course and apply online:

<https://elearning.iirs.gov.in/edusatregistration/student>

2. Select our Institute: RAJIV GANDHI UNIVERSITY OF KNOWLEDGE TECHNOLOGIES-SRIKAKULAM(Civil Engineering)

3. Please provide your personal details like Name, Designation, Date of Birth, Gender, Nationality, **Institute E-Mail with rguktsklm.ac.in domain** etc.

- ❖ Educational (Please provide your education details starting from SSC to Degree level)
- ❖ Please provide the detail as per the online form.
- ❖ Please upload your recent photograph & identification proof

4. The Coordinator shall approve your application in due course of time.

### Contact Details of Coordinator:

*B.Neeraja Satya, Faculty of Civil Engineering Department*

*E-mail: [sklm-iirs@rguktsklm.ac.in](mailto:sklm-iirs@rguktsklm.ac.in)*

Use Internet Explorer

or

Mozilla fire fox browser for attending course

## Circular No. IIRSCO/Outreach Programme Notification

### Registration Fee:

*There is no course fee. It's absolutely a free of cost programme.*

**Reception of the Program:** Can be received in 2 ways:

**1. A-View:** A-VIEW is an advanced multi-modal, multi-platform, collaborative e-learning solution which allows an instructor to teach or interact with a large number of learners transcending geographies on a real-time basis through live audio video streaming and synchronized content sharing. A-VIEW allows the instructor to perform live evaluation of the learners and to get real-time feedback from attendees on the go. A-VIEW can also act as an online meeting tool that can support online social collaboration and interactions with multiple users from various locations simultaneously. Download A-VIEW (<http://aview.in/>)

**2. Webcasting:** Webcasting is the process of video broadcasting live over the internet. To watch our live programme through our webcasting service click here:(<http://live.iirs.gov.in/>)

### Award of Certificate:

- ❖ **Based on 80% attendance and online examination. Learners must be present for complete duration of the lecture to get attendance as per guidelines.**
- ❖ **Allowed for maximum two attempts on examinations only.**
